

***Focus Topic:***  
**Cold Weather ACC Operation**

**ACCUG 2025**

**Andrew Howell, discussion facilitator**

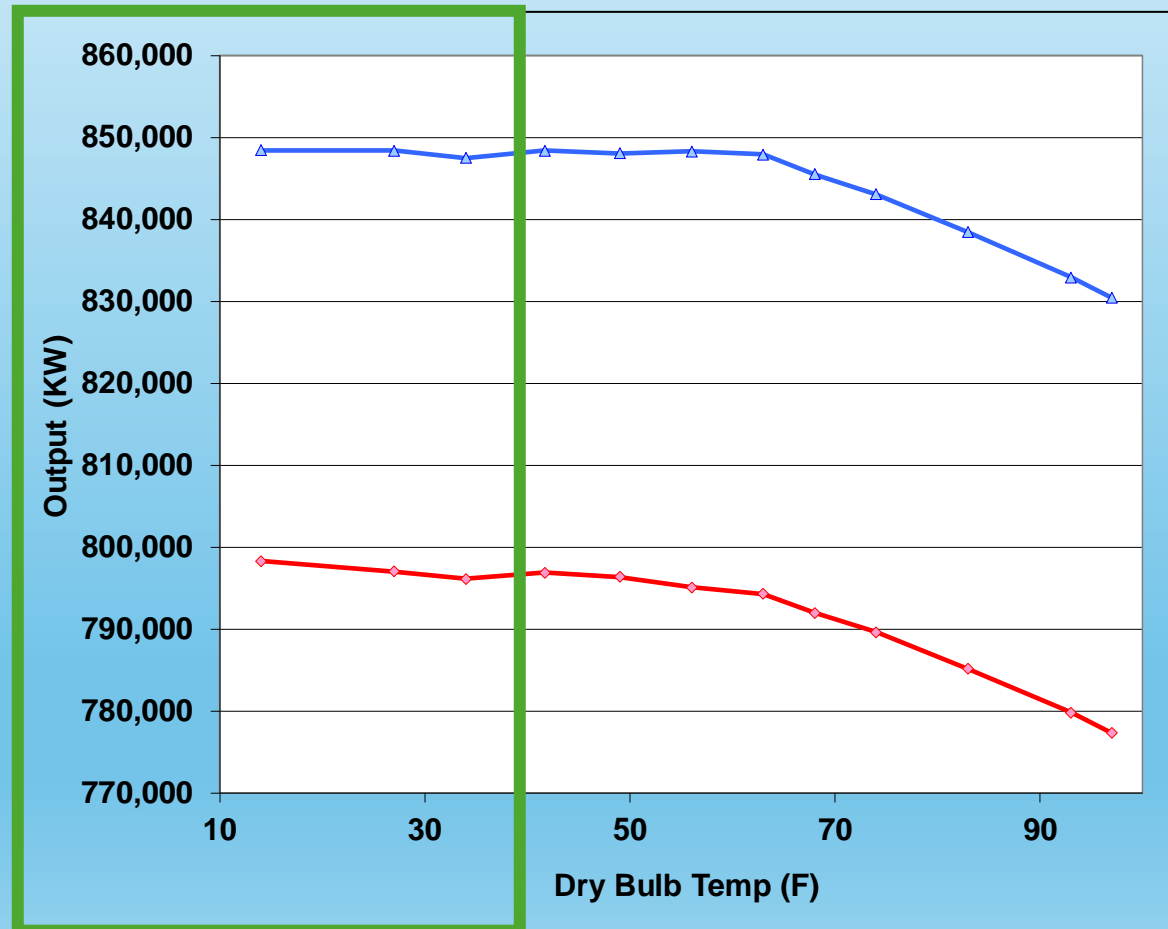

**Granbury, TX**

**July 29-31, 2025**

# **Cold Weather: Definition**

# ACC Cold Weather Operation Benefit:

*adequate condenser vacuum for full capacity generation*

# ACC Cold Weather Operation: Potential Concerns

- Startup with cold lines
- Condensate freezing during operation
- Offline freezing

# **ACC Cold Weather Operation: Air In-Leakage**

- **Can bring sub-freezing air into condensate and air extraction pathway**

# ACC Cold Weather Operation:

*how to identify a potential or existing problem*

- key indicators
- prevention
- response
